

SAND CEMENT MORTAR NOW M6 SPECIFICATION & NEW PACKAGING COLOUR

Our Sand Cement Mortar has now been upgraded to an M6 specification, increasing its performance and usability.

- New formulation increases the strength of the mortar when used in accordance with the instructions
- We have updated the packaging colour to help differentiate from other products in our range
- Updated images for your website can be downloaded from hanson-packedproducts.co.uk
- **New formulation and colour will be delivered from mid-March 2020**

For more information, please contact your local sales manager or call Customer Services on **0330 123 4525**
